

ABOUT THE SPEAKER

Dr. Anton Espira is a Principle and Founding Partner at Arrubi, a corporate ESG advisory partnership based in Malaysia and California. He is also the co-founder and CEO of Eco2librium, a natural resource conservation and sustainability focused award-winning B-Corp based in the United States and Kenya. He is one of the co-founders of Neopeutics, a drug-discovery CRO based in San Francisco, California, and Penang, Malaysia. He has also worked in Malaysia extensively, including at the Asia e-University heading corporate strategy and in various other capacities. He has extensive experience in the global carbon market, renewable energy and conservation, and is a board member of the B-Corp Global Regional Advisory Committee. He has been invited to speak as an expert at various events, including the World Bank and the World Forum for a Responsible Economy among others. He has published a number of peer-reviewed articles including on clean energy, forest carbon, and conservation, and has received coverage of his work in the international media and in various publications.
