

## ABOUT THE SPEAKER

**Ms Elina Jani** is the CEO of GTMA, a subsidiary of MGTC, responsible for overseeing operational policies and generating income through profitable partnerships. With over 18 years of experience in microbiology, business development, and strategic planning, she has delivered significant investments of more than RM 15 billion from 2016 to 2018 for Malaysia's Green Technology Sector.

Prior to her career at MGTC, she was Head of Division for Strategic Planning at Felda Wellness Corporation Sdn Bhd from 2015 to 2016, and the Vice President of Malaysian Biotechnology Corporation Sdn Bhd.

Elina has nurtured companies in the green technology sector, promoted sustainability, engaged in green purchasing, and facilitated human capital development programs through out various industries, universities and schools. Her contributions have encompassed renewable energy, energy efficiency, green buildings, low carbon mobility, waste management, sustainable water, and green product manufacturing.
